INDEX FOR TECHNICAL NEWS BULLETIN, 1928

A

	Page
Abrasive products, coated, simplification of	149
Accelerometer, spark	147
Acids on leather, effects of	35
Aggregate, concrete, influence of durability test on strength of	87
Aggregate, effect of, on strength of concrete	86
Air navigation, radio aids to	116
Airplane engines, type testing of commercial	61
Airplane fuel systems, vapor lock in	122
Airplane radiobeacon variation overcome	82
Airplane, radio telephone communication from	83
Aluminates, calcium, reaction of water on	172
Amalgams, dental	141
Amber, linear thermal expansion of	126
American Electroplaters' Society, meeting of	40
American Marine Standards Committee	9
Antenna capacity, calculation of	47
Antioxidants, use of, for preserving rubber	170
Astronomical Union, International	125
Automobile bumpers, British standards for	88
height of	8
Automobile license plate bracket, standard slots for	72
Automobiles, rating commercial	122
Automotive standards, proposed	116

B

	Page
Bank checks, simplified	73
Base plates for Emley plasticimeter	73
Batteries, storage, specifications for	3
Better quality and lower price	119
Book papers, permanence of	115
Bookbinding leathers	140
Brackets in reinforced concrete rigid frames	69
Brick industry, industrial research and the	33
Brick, sand-lime, enameled	145
Poisson's ratio and modulus of elasticity of	6
Brickwork, mortar in, tensile strength of	128
Brushes, paint and varnish	9
Building code adopted by Port Chester, N. Y.	57
Building construction for May, 1928	105
July, 1928	133
September, 1928	161
Building construction, statistics and economics of	6
Building fires, severity of	130
Buildings, nonfire-resistive, fires in	97
Bumpers, automobile, British standards for	88
height of	8
Bureau of Standards Journal of Research	109
Byrd antarctic expedition, fading to be studied on	143

C

	Page
Calcined gypsum, deterioration of	159
Calcined gypsum, measurement of time of set of	69
Calcium aluminates, reaction of water on	172
Calibration of rotary viscometer	114
Capacity, calculation of antenna	47
Carbon arc versus sunlight	168
Cast iron for enameling purposes	20, 121
Casting a disk for a reflecting telescope	35
Cement paste, workability of	128
Cement, slater's	172
Ceramic bodies, artificial vitrifying agents for	33
vitrification of	70
Chrome and vegetable tanned sheet leather	106
Chromium plating, health hazards in	126
City planning and zoning	6, 104, 133, 160
Civil airways, radio aids to the	45
Clay slips, control of, by use of electrolytes	54
Clays and shales, drying behavior of	175
Clays, fire, thermal expansion of	53
heavy, physical properties of	110
Cleaners for terra cotta	32
Cleaning fur and leather garments	4
Clinical thermometers, commercial standard for	102, 175
Code, traffic, New Jersey's uniform	161
Color differences, perception of slight	1, 57
Commercial airplane engines, type testing of	61
Commercial standard for clinical thermometers	175
Commercial standards field, recent activities in	42, 57, 73, 89, 120, 135, 150, 162

height of	8
Bureau of Standards Journal of Research	109
Byrd antarctic expedition, fading to be studied on	143

C

	Page
Calcined gypsum, deterioration of	159
Calcined gypsum, measurement of time of set of	69
Calcium aluminates, reaction of water on	172
Calibration of rotary viscometer	114
Capacity, calculation of antenna	47
Carbon arc versus sunlight	168
Cast iron for enameling purposes	20, 121
Casting a disk for a reflecting telescope	35
Cement paste, workability of	128
Cement, slater's	172
Ceramic bodies, artificial vitrifying agents for	33
vitrification of	70
Chrome and vegetable tanned sheet leather	106
Chromium plating, health hazards in	126
City planning and zoning	6, 104, 133, 160
Civil airways, radio aids to the	45
Clay slips, control of, by use of electrolytes	54
Clays and shales, drying behavior of	175
Clays, fire, thermal expansion of	53
heavy, physical properties of	110
Cleaners for terra cotta	32
Cleaning fur and leather garments	4
Clinical thermometers, commercial standard for	102, 175
Code, traffic, New Jersey's uniform	161
Color differences, perception of slight	1, 57
Commercial airplane engines, type testing of	61
Commercial standard for clinical thermometers	175
Commercial standards field, recent activities in	42, 57, 73, 89, 120, 135, 150, 162

	Page
Concrete aggregate, influence of the durability test on the strength of	87
Concrete brick walls, fire resistance of	50
Concrete cylinders, large, test of	5, 103
Concrete, effect of aggregate on strength of	86
Concrete forms, simplification of	9
Concrete, gypsum fiber, peanut shells in	88
Concrete, rate of deformation of, during test in compression	68
Concrete rigid frames, effect of brackets in	69
Concrete structures, measurement of elastic strains in	144
Concrete, workability of	31
Conference of utility engineers, sixth annual	80
Conference on electroplating	22
Conference on weights and measures, twenty-first national	77
Crazing of glazes	34
Crucibles for melting glass	145
Currency paper, protective coatings for	--

D

Dam, arch, Stevenson Creek	29
Daylight filters	156
Deformation of concrete, rate of, during test in compression	68
Density of limestones used in manufacture of lime	32
Dental amalgams	141
Dental research at the Bureau of Standards	37
Dental research, cooperative work with American Dental Association	85
Detonation, tendency of motor fuels to cause	22
Diesel engine fittings, standardization of	148
Disk, casting a, for a reflecting telescope	35
large optical, completed	15
Disposal of waste crankcase oils	167
Distribution, simplification in	149
Dry cells, qualification testing of	117
Drying behavior of shales and clays	175
Drying of oils	141
Duralumin, protection of, against embrittlement	20

E

Elastic strains in concrete structures	144
Electrical code, national, revision of	132
Electrical units, international, future basis for	93
Electricity meters, code for	82
Electrolysis surveys by local utilities companies	81
Electrolysis, use of, in control of clay slips	54
Electroplaters' conference	22
Elmendorf paper tearing tester	72
Emley plasticimeter, base plates for	53
Enameled sand-lime brick	145
Enameling, cast iron for	20, 121
Enamels for sheet iron, light-colored first-coat	71
Enamels, light colored, as ground coat for sheet iron	173
Engines, airplane, type testing of commercial	61
Envelope simplification	57

F

Fading phenomena on Byrd antarctic expedition	143
Fading, radio, in the broadcast range	96
Feldspar, thermal expansion of	4
Feldspars, true specific gravity of	54
Fencing, woven wire, simplification of	148
Filters for converting artificial light to sunlight	143
Financing, home	160
Fire and impact tests of safes	129
Fire apparatus, simplification of	100
Fire brick, thermal expansion and spalling characteristics of	112
Fire clays, thermal expansion of	53
Fire hose, specification for cotton rubber lined	100
Fire in nonfire-resistive buildings	97
Fire resistance of sand-lime brick and concrete brick walls	50
Fire tests of record room occupancy with metal shelving	67
Fires, building, severity of	130
Flint, potters', and clay	111
Flooring materials, abrasive hardness of	159
Fog, visibility of lamps in	156
Foundry cores, rubber binders for	130
Frequency standardization, the status of	83
Fuel systems, airplane, vapor lock in	122
Fur and leather garments, cleaning	4

G

Gas, measurement of large volumes of	83
Gasoline volatility, criteria of	48
Gasolines, premium	115
Glass and glass substitutes, ultra-violet transmission of	16
Glass, crucibles for melting	145
Glass disk, large, further work on	126
Glazes, crazing of	34
Glue in paper industry, handbook on	105
Government simplifies its own forms	25
Gypsum, calcined, deterioration of	159
measurement of time of set of	69
Gypsum fiber concrete, peanut shells in	88
Gypsum mixes, effect of working after stiffening	173

H

	Page
Handling materials, simplified methods of	106
Hardness, abrasive, of flooring materials	159
Home financing	160
Hose, fire, specification for	100
Humidity and temperature, effects of, on rubber compounds	56

I

Ice cake sizes, simplified	101
simplified recommendation for	118
Illumination, International Commission on	117
Industrial research and the brick industry	33
International Astronomical Union	125
International Commission on Illumination	117
International comparison of radio-frequency standards	13
International electrical units, future basis for	93
Invoice form, simplified	41, 134
Iron, sheet, light-colored ground coats for	173

J

Journal of Research, Bureau of Standards, announcement of new	109

K

Kaolin, Zettlitz, standard test for	146

L

Lacquers for weights	142
Leather and fur garments, cleaning of	4
Leather, effects of acids on	35
Leather industry, standardization of grades in	10
Leathers, bookbinding	140
chrome and vegetable tanned sheet	106
Length changes in sand-lime brick when wet	113
Levulose, scientific by-product of	126
License plate bracket, automobile, standard slots for	72
Lift trucks and skid platforms, simplification of	101
Light-colored ground coats for sheet iron	173
Limestone, solubility, in rain water	19
Limestones, "true" density of several, used in the manufacture of lime	32
Lumber for oil derricks	41
Lumber, seasoning	89
short length	9
Lumber survey in North Carolina	41

M

	Page
Magazines, standard size of	41
Magnesium, thermal expansion of	116
Mechanics lien act committee	107
Melting point of nickel	169
Metal shelving, fire tests of record room occupancy with	67
Metallurgical advisory committees, meetings of	85
Michelson, Prof. Albert A	115
Molybdenum, deterioration of small amounts of	141
Mortar in brickwork, tensile strength of	128
Motor fuels, tendency of, to cause detonation	22
Motor-truck specifications	147
Mullite, thermal expansion of	158

N

National Association of Purchasing Agents, simplification program of	8
National Committee on Wood Utilization, annual meeting of	64
National Electrical Code, revision of	132
Needles, penetration, certification of	159
Neon, visibility tests	156
New England, standardization and simplification in	161
New Jersey's uniform traffic code	161
Nickel, melting point of	169
Nipples, pipe, standards for	102
North Carolina, lumber survey in	41

O

Obsolescence, progressive	162
Oil derricks, lumber for	41
Oils, drying of	141
waste crank-case, disposal of	167
Optical glass, large disk of	15
Optical Society of America, thirteenth annual meeting of	155

P

Paint and varnish brushes	9
Paper currency, protective coatings for	170
Paper-folding tester, Schopper	2
Paper, sheathing, properties of	55
Paper-tearing tester	72
Paper tensile strength testers	131
Paper-testing committee, meeting of	105
Paper-testing methods	23
Paper, use of glue in making	105
Papers, book, permanence of	115
Peanut shells in gypsum fiber concrete	88
Penetration needles, certification of	159
Perception of slight color differences	1
Permanence of book papers	115
Piezooscillators	38
testing and adjustment of	14
testing of	142

	Page
Pipe nipples, standards for	102
Plaster, adhesion of, to title	18
Plasticimeter, Emley, base plates for	53
Plumbing fixtures, commercial porcelain, standards for	103
Poisson's ratio and modulus of elasticity of sand-lime brick	6
Port Chester, N. Y., adopts building code	57
Portland cement paste, workability of	53
Postage stamps, durability of	157
Potter's flint and clay, physical properties of	111
Precast stone, properties of	144
Protective crust on stone	31
Purified wood fibers	139
Q	
Quicklime, unslakable residue in	112
R	
Radio aids to air navigation	116
Radio aids for the civil airways	45
Radio fading in the broadcast range	96
Radio-frequency standards, international comparison of	13
Radio signal transmissions, April to October, 1928	39
October, 1928, to March, 1929	132
Radio wave propagation, report of commission on	3
Radiobeacon, airplane, variation overcome	82
Radiotelephone communication from an airplane	83
Range boilers, simplified practice recommendation confirmed	73
Rating commercial automobiles	122
Rayon project	131
Record room occupancy with metal shelving, fire tests of	67
Refractories, thermal expansion of, apparatus for observing	85
Refrigeration industry, simplification in	134
Research, Bureau of Standards Journal of, announcement of new	109
Rubber binders for foundry cores	130
Rubber, compounds, effects of temperature and humidity on	56
soft, tensile properties of	36
vulcanized, effective of relative humidity and temperature on	122
Rubber, use of antioxidants in preserving	170
S	
Safes, fire and impact tests of	129
Sagger investigation	129
Saggers, preparation of, according to fundamental properties of clays	17
Sand-lime brick, enameled	145
Sand-lime brick, length changes in, when wet	113
Poisson's ratio and modulus of elasticity of	6
Sand-lime brick walls, fire resistance of	50
Schopper paper-folding tester	2
Seasoning, handling, and care of lumber	89
Self-government in business	24
Shales and clays, drying behavior of	175
Sheathing paper, properties of	55
Sheet iron, light-colored first-coat, enamels for	71
Short-length lumber	9
Simplification, manufacturers' cooperation in	133
Simplification of envelopes	57
tires	57
Simplification, putting it to work	40
Simplified bank checks in use	73
invoice coming into general use	134
form	41
practice in 1929	174
progress in	119
recommendation for range boilers confirmed	73
recommendations, expediting indorsement of	149
results of	135
Skid platforms, transportation economies, through use of	174
Slater's cement	172
Soil-corrosion specimens, removal and examination of	114
Solubility of limestone in rain water	19
Spark accelerometer	147
Specifications for automotive and radio storage batteries	3
motor trucks	147
Specifications, quantity prices for United States Government master	137
"Stainless iron" alloys, thermal expansion of	19
Stamps, postage, durability of	157
Standard frequency radio transmissions, April to October, 1928	39
October, 1928, to March, 1929	132
Statistical study of watchmakers	2
Statistics and economics of building construction	6
Stevenson Creek Arch Dam	29
Stiffening of gypsum mixes	173
Stoddard solvent, commercial standard for	89
Stone, precast, properties of	144
protective crust on	31
Style, keeping step with, through simplification	7
Sunlight, carbon arc versus	168
Sunlight filters for artificial light sources	143

T

Page

Telescope, reflecting, casting a disk for 35
Temperature and humidity, effects of, on rubber compounds 56
Tensile properties of soft-rubber compounds at high and low temperatures 36
Tensile tester, paper 131
Terra cotta, cleaners for 32
Terra-cotta faced walls 171
Textiles, tests for destructive agents in 105
Thermal conductivity standards 50
Thermal expansion and spalling characteristics of fire brick 112
Thermal expansion, linear, of amber 126
Thermal expansion of feldspar 4
fire clays 53
magnesium and some of its alloys 116
mullite 158
refractories, apparatus for observing 85
"stainless iron" alloys 19
Thermometers, clinical, commercial standard for 102, 175
Thermometers, material for filling etched lines in 72
Tile, effect of surface on adhesion of plaster to 18
Tire simplification 57
Tire simplified practice recommendation 25
Tire sizes, Army men report too many 41
Tire treads, flexing of, apparatus for studying 72
Traffic code 148
Traffic code, New Jersey's uniform 161
Transportation economies through use of skid platforms 174
Twenty-first national conference on weights and measures 63, 77

U

Ultra-violet transmission of glasses and glass substitutes 16
Underwear, standard sizes of 36
Unions, pipe, commercial standards for 148
Utility commission engineers, conference of 80

V

Vapor lock in airplane fuel systems 122
Visibility of neon lamps 156
Vitrification of ceramic bodies 70
Vitrifying agents, artificial, for ceramic bodies 33
Volatility, criteria of gasoline 48
Vulcanized rubber compounds, effect of relative humidity and temperature on 122

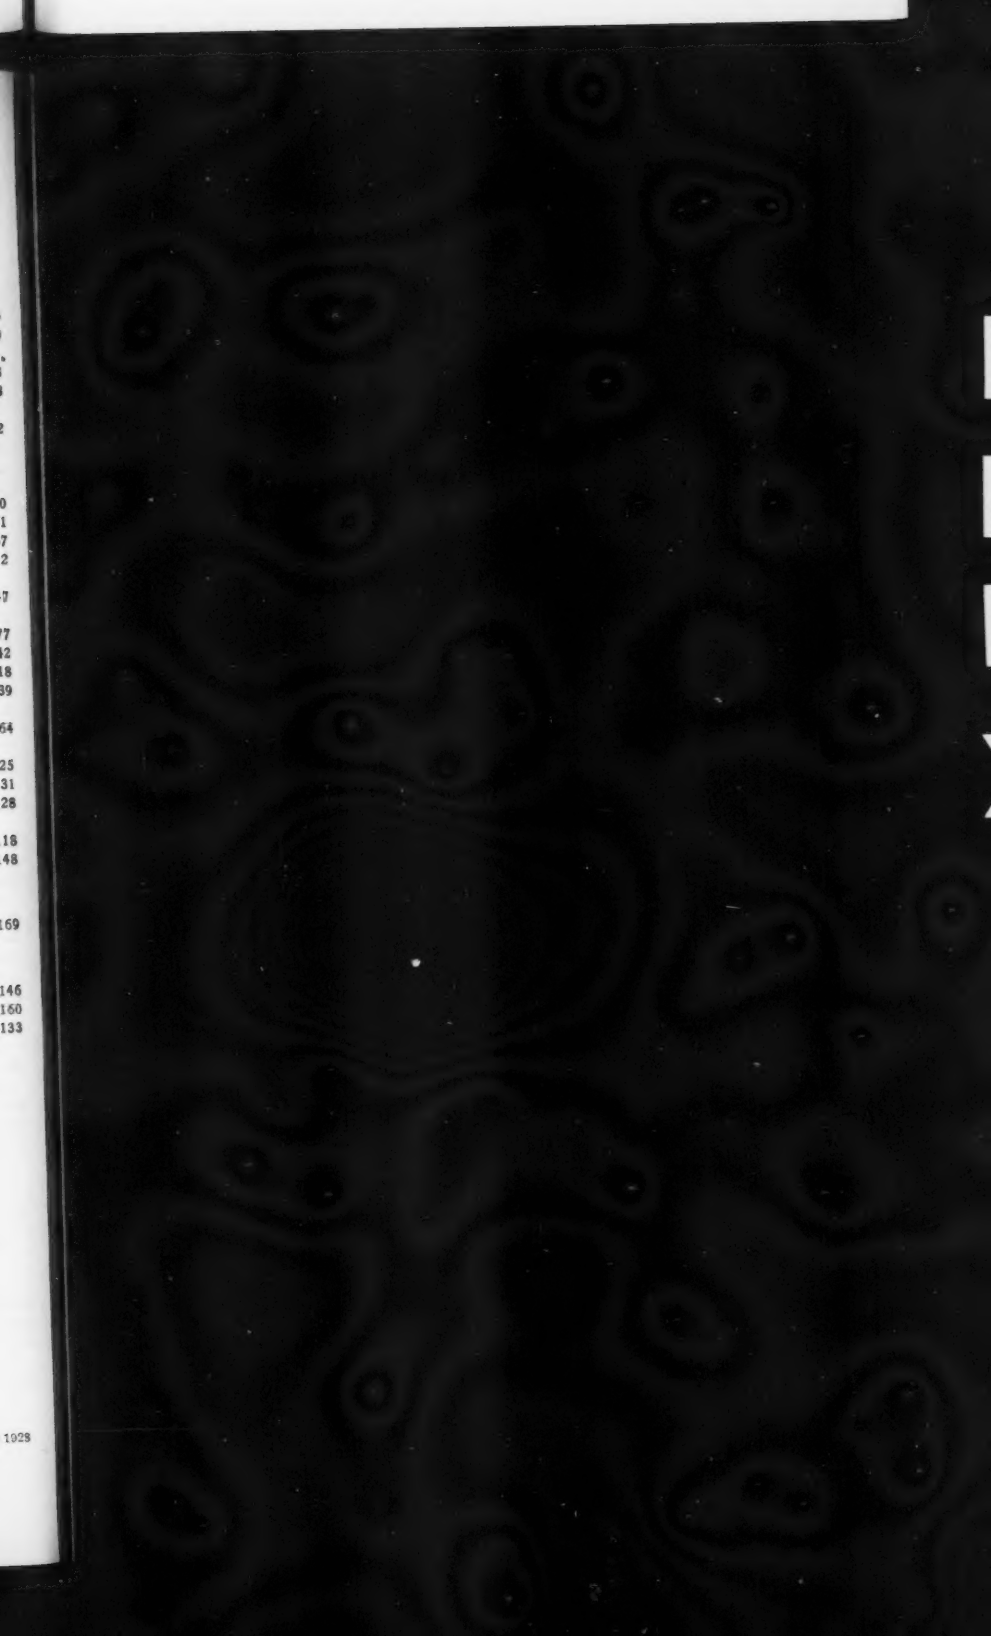
W

Walls, fire resistance of sand-lime brick and concrete brick 50
Walls, terra cotta faced 171
Waste crank-case oils, disposal of 167
Watchmakers, statistical study of 2
Weights and measures conference report 47
Weights and measures, twenty-first national conference on 63, 77
Weights, lacquers for 142
standard, testing of 118
Wood fibers, purified 139
Wood utilization, annual meeting of national committee on 64
Wood Utilization Committee prepares exhibit 25
Workability of concrete 31
Workability of Portland cement paste 53, 128
Woven wire fencing, revised simplification for 118
Woven wire fencing, simplification of 148

X

Xylose, production of 169

Z

Zettlitz kaolin test 146
Zoning and city planning 6, 160
Zoning of cities, progress in 104, 133


U.S. GOVERNMENT PRINTING OFFICE : 1928
